#### **TID BITS:**

##### City Staff.

Our esteemed leader, Mike Bennett, is still battling the crud. We hope he gets to feeling better soon.

The advertising period has closed for the Chief of Police and Mechancs positions and the City will begin the interview process for these positions.

A retirement lunch to say our final farewells to Monty Manuel, of the Fleet Maintenance Division of Public Works, is scheduled for Monday at noon at the City Shops. He has been part of the City of Fruita family for 31 plus years and will be missed by us all.

##### Marketing:

The City's new Marketing firm, Slate Communications, LLC will be out at the end of next week to meet with community members, businesses, the FTAC and city staff.

##### Priority Based Budgeting:

Staff wrapped up the allocation of costs to various programs as part of the Priority Based Budgeting process this week. This information will be going to the consultant next week and they will create a customized online PBB model for the City. This model will be presented to staff for review and

modifications and then presented to the Council after that process is complete. The PBB model will assist the City with assessment of various programs offered by the City and assist in allocating resources as part of the budgetary process.
